

Annotated bibliography for *vessel operation, fishing gear, and aquaculture impacts* compiled and summarized by The Pew Charitable Trusts

Maryland Aquaculture Coordinating Council. (2007). Best Management Practices: a Manual for Maryland Aquaculture. Retrieved from https://www.environment.gov.za/sites/default/files/legislations/guidebestmanagementpractice_aquaculturedevelopmentandoperation_maryland.pdf

- Summary of best management practices for tidal ecosystems in Maryland, in the context of aquaculture industry.
- Practices are formed from existing state and federal laws and regulations, as well as voluntary measures that are recommended. Their purpose is to provide producers with a base of knowledge regarding expectations in the development of their businesses. In all, they comprise a roadmap for those entering the aquaculture industry to follow as they grow businesses in the state.
